GREEN BUILDING AND LEED FUNDAMENTALS

This course is an introduction to Green Building Basics and the Fundamentals of LEED to prepare for the Green Associate Exam. This course is also a good introduction for companies that are wondering how LEED building design fits into their business plan. For optimal utilization of the course, it is recommended that attendees become familiar with the Green Building and Green Core Concept Guide, 1st Ed, E-Book (available from USGBC). Check www.USGBC.org for publications and application requirements.

Upon completion of the course, access to online tests, study guides and a Certificate of Completion will be provided. In addition, flash cards and informational handouts will be provided via email.

| | |
|-------------------------|--|
| DATE & TIME: | March 30, 2010 from 8:30 am - 4:30 pm (includes lunch & refreshments) |
